See Why People Are Raving About Terry Kozlowski

"I came to Terry at a time in my life that I felt stuck. It wasn't that something was 'wrong' as much as I knew that so much more was possible. One of the biggest barriers I had to overcome was this silly idea that 'I could do it myself.' Before my work with Terry, I kept telling myself it was impossible in this lousy economy we have. Here I am with a new job that is exactly what I wanted." *Pat Ewert*

"Although my situation sometimes seems overwhelming, Terry has the ability to help me move from point A to B, to keep moving forward and get the important things accomplished. She helps me stay on track with her wonderful blend of practicality and vision. What makes Terry unique is her practical, bottom line focus, anchored by her years of business experience."

Randy Roach

"She has been my sounding board ... an objective individual willing to ask the tough questions and help me sort through the answers. She has been an unbiased mirror, reflecting back what she hears and doesn't hear me say, helping me to sort through all the clutter bouncing around in my head." *Simon Powles, President*

"Terry's proactive and concrete suggestions have been enormously impactful as an accelerator of my performance as a leader." *David Saef*
